

The following policies are to ensure the safety of all patients and staff. Clinic staff reserves the right to deny entry if necessary.

Before entering clinic:

1. You must have an appointment for entry. Please **press the buzzer** on the intercom to inform clinic manager of your arrival.

2. After you inform clinic manager of arrival, you will be subjected to a temperature check and will be asked general health questions before entry.

NOTE: If you have been sick within a week of your scheduled appointment or if you are showing any symptoms, your appointment will be rescheduled.

3. You may experience a wait prior to entry, depending on the number of patients inside. Please be patient, we will service you as soon as we can.

4. No family or friends will be allowed inside with you, unless medically necessary for mobility (only one person), or for translation purposes (must be 18+)

Upon arrival:

1. **Masks are needed for entry! No masks, no service, NO EXCEPTION!**
2. There will be a handwashing station inside where you will be directed to use upon entry. Hand sanitizer will also be available for use.
3. Please continue to use physical distancing measures (social distancing) by remaining at least **6 feet away** from others while you are inside during your appointment.
4. Please leave all extra items (coats/jackets, bookbags, purses, etc.) in your vehicle or at home. Only bring the items you need for your appointment.
